Horsforth Town Council Metworking Event

Horsforth Town Council hosted a community networking event on Saturday the 5th October. Around 30 organisations attended, represented by about 40 people. The event was hosted by the Chair of Council, Cllr Town Councillors.

The purposes of the event was to allow community organisations to meet each other along with members of Horsforth Town Council to find out about the councils work and what sponsorships and grants are available for Horsforth based groups. This was for Horsforth hased groups. This was

a successful event and one that will

hopefully be repeated.

the risk of the loss of this valuable resource. Friends of Manorfield House continue to campaign as this is only a partial victory since there is no plan to keep Manorfield open in the choosing to develop a new residential care facility in Horsforth, Manorfield's closure in due course will leave Horsforth undersupplied with places for its elderly residents when they need 24/7 care."

Manorfield House in Horstorth is to stay open, following a massive campaign lead by the relatives of residents and supported by Horsforth Town Council. This lead to Leeds City Council changing some of its proposals. Manorfield's will however only stay open for existing residents, and there will be no new admissions. Julia Chapman who lead the campaign, supported by Michelle Reeve, said "We need residents of Horsforth to be aware of

Neighbourhood Plan

The Horsforth Neighbourhood Plan (NP) is taking shape with input to Horsforth Town Council Planning Committee from the working group that meets monthly before the scheduled Planning meeting.

The working group has broken down the NP into key headings for which statements will be made in the plan. In no particular order these are: - housing, infrastructure, services, leisure, youth, education, design, conservation, environment, elderly / retirement, shopping and employment.

There is already a lot of action centrally on housing with Leeds City Council, as the Core Strategy 2013 -2028 target of 70,000 dwellings is currently under review by HM Planning Inspectorate.

A statement from Horsforth Town Council on the progress of the Neighbourhood Plan was recently provided to the Inspector hearing the Outwood Lane appeal by Redrow Homes to build 31 houses. This highlighted the I,250 Horsforth Town Council survey responses to possible site allocations in Horsforth, which identified Outwood I are as a manifely site for development

Lane as a unsuitable site for development.

Please confact Horsforth Town Council if you are interested in becoming involved in formulating the NP.
