In exercising this delegated authority, the Proper Office shall first consult with the keyholders and the lead of the group.
-

Appendix 1 - Definitions

Keyholders:

Named persons who hold the keys for the premises, are one of the main contacts and liaise with the Proper Officer who has delegated powers to make emergency decisions along with the Lead of the working group.

Project Manager

The named person in overall charge of the planning and execution of the project who works for the approved architect.

The Project - Proposed development, maintenance and future use of the buildings

No 3 The Green is the building that will undergo the main transformation.

- The entire ground floor will be remodelled into one large meeting room, catering-grade kitchen and toilets (including disabled facilities).
- A lift to link the ground floor to the first floor will be installed.

- Ground floor bay window, at rear, will be removed to add additional external parking space for mobility scooters and bicycles.
- Doorway between No 3 and No 5, on the ground floor, will be reinstated.
- Windows will be replaced/refurbished, if the renovation budget allows.

The first floor and second floor layouts of No 3 will remain as they are. Lighting and power will be assessed and upgraded if required. Remedial redecoration will also be undertaken where required.

There is no proposal at present to make any significant structural changes or alterations to No 5 or to The Stables. These premises currently house the Village Museum and their meeting area, and provide the Museum with the room space they require.

Separate gas, electricity and water meters will be installed for each of the three buildings. The fire alarm system currently shared between No 3 and No 5 will be separated into two systems.

Proposed future use of the buildings

No 5 The Green – The Museum

No 5 The Green would remain The Village Museum. The Town Council welcomes the opportunity to support the Museum and has already had discussions with the Museum committee about working together in the future.

Horsforth Town Council will require the Museum to pay some rent. The rent required would be heavily subsidised, however.

No 3 The Green – New Community Base

The ground floor of the building would be redeveloped into a large community room, and use of this space would be managed by the Town Council.

The first floor would remain office space and would become the Town Council Offices. Community groups would also be offered use of the first floor Town Council meeting rooms and any spare office space if the Town Council felt it was appropriate and available.

The second floor (attic rooms) would remain as they are and would become the Town Council archive rooms.

The Stables

The internal layout of The Stables would remain as they are and would continue to be part of the Museum or used as either additional community rooms or community offices
